⇒ **K-ETA: electronic travel authorization**

If you do not need a visa to enter the Republic in Korea, your visit formalities should be completed by applying for K-ETA electronic travel authorization at

[Korea Electronic Travel Authorization website < K-ETA](#)

Detailed instructions for the process can be found here [[K-ETA instructions.pdf](#)].

You can check the result of your K-ETA application at

<https://www.k-eta.go.kr/portal/apply/viewapplysearch.do>

⇒ **Q-code: information related to COVID-19 prevention**

As of Oct. 1, 2022, no COVID-19 test is required - neither to board your flight to Korea, nor after arrival. For further details, you can refer to

https://www.airport.kr/ap_cnt/en/svc/covid19/quaranti/quarantine.do

It should take less than an hour to get through the immigration and customs. To simplify the process, we suggest obtaining the Q-code prior to your trip - it stores your personal data, as well as information on the recent travel history and current health condition. In addition, please bring your paper vaccination records (in English or Korean).

To obtain the Q-code, you can use the webpage version at

Detailed instructions for the webpage process can be found here [[Q-code instructions.pdf](#)].
