

Keunwoo Kim

Research Interest:

Scanning Tunneling Microscopy (STM) maintenance & set-up

Education:

Mar/2017 – Feb/2024

Sejong University, Korea

B.S, Nano Materials & Engineering

Research Experiences:

Undergraduate Student graduation assignments

Mar.2022 – June.2022

Nanotechnology and Creative Research Subjects: Sejong University, Korea

- Undergraduate Research Program, “Research of Perovskite Photodiode Device Synthesis / Performance Evaluation”

Experience:

Westin Chosun Hotel (Oct, 2020 – Mar, 2021)

- Hotel security staff
- Performing security/safety tasks in case of friction or emergency with customers

JH Communication(Mar, 2021 – July, 2023)

- Cartier Customer Service Staff
- Customer Complaint Response/Store Management Support

Quantum Nanoscience internship (July, 2023 ~)

- Scanning Tunneling Microscopy (STM) maintenance & set-up
- Research Assistance
